Come and enjoy a day out in the Cheshire countryside between Nantwich, Crewe, Congleton, Knutsford, Macclesfield, and Wilmslow!

Between 25 and 30 Towers being arranged for the day in the South and East of the County ranging from 6 bells up to 12 bell towers! Two suggested tower routes will be available, but you will be free to choose which routes you wish take on the day.

- Good mix of rarely available Towers including anti-clockwise and split-level ringing chamber towers!
- Both town and village towers shall be available
- Refreshments (e.g. bacon rolls/lunches/afternoon tea) served throughout the day.
- All Towers manned with local ringers, so ringing can always take place on the full set of bells.
